

# rejuvenate

## Find a new you at **Celebrity Cosmetics**

**A**t last! There's a new, safe and very effective treatment for a wide range of skin problems.

At the family-run Celebrity Cosmetics, treatments are carried out by trained professionals under the direction local medical practitioner Dr Florida and his daughter Patrizia.

Among the many non-invasive, non-surgical and very successful treatments are those designed to relieve hydration, remove acne scarring and pigmentation and photo rejuvenation.

Using a new, very successful technique, known as Beautytek which was developed in Germany, Patrizia and her staff are able to offer a number of non-surgical treatments which include removal of fat and cellulite as well as breast lifting and skin tightening for both face and other areas. Treatments are carried out in private and tranquil surrounds and are comfortable, absolutely painless and without any danger to your body.

Celebrity Cosmetics also offers the latest in laser treatments using the Starlux 1540 Laser unit. Remarkable results have been achieved by use of this revolutionary system. These include marked reduction of scarring, permanent hair removal, treatment of wrinkles, hyperpigmentation, leg veins, skin rejuvenation and tightening, and vascular treatments.

Acne at any age can have far-reaching social implications

for many sufferers, particularly teenagers whose confidence can be eroded by their concern with this unattractive skin condition and the problem of the scarring it can leave behind. Treatment results obtained by Celebrity Cosmetics professionals have proven to be very effective.

A combination of age and the harsh Australian climate leave many people with unwanted wrinkles and unattractive pigmentation, particularly on the face and hands, and this too responds well to the latest treatments.

By making use of natural products, combined with the latest technology, Celebrity Cosmetics is able to offer clients a safe, permanent and cost-effective series of treatments in the privacy of a purpose-designed setting.

Extensive consultations are held with clients prior to any treatment regime being instigated and all programs are conducted by professionally-trained personnel.

For those seeking advice and treatment for any one of a wide range of skin and rejuvenation treatments, Celebrity Cosmetics is extending an invitation to go along to its grand opening to be held on Wednesday, November 28. Dr Florida and Patrizia hope you will join them and their staff for a glass of bubbly and canapes between 5.30pm and 8.30pm.

**You will find Celebrity Cosmetics on the ground floor, 284 Great North Rd, Abbotsford. It is open Monday to Saturday. Phone 9712 2575.**
